

WOOD,
REDEFINED.

CRAFTED FOR INDIA'S GROWING NEEDS

MotherWood embodies a mother's role in shaping potential, offering precision-crafted solutions that enhance lives and redefine possibilities.

THE MOTHERWOOD ADVANTAGE

- ✦ State-of-the-Art Plant – Our Sitarganj facility in Uttarakhand blends modern architecture with eco-conscious practices, ensuring top-tier quality and sustainability.
- ✦ Industry-Leading Machinery – With Yalian E-Series Continuous Press and high-tech sanding & buffing systems, we guarantee smooth finishing, durable boards tailored to diverse needs.
- ✦ Innovative Technology – Advanced pneumatic filters, THDS-E0 technology, and equalizer & scalper technology ensures efficiency, uniform density, and superior surface quality.

Continuous production for consistent availability

MotherWood's efficient production line delivers 800 cubic meters daily, ensuring fast deliveries and consistent product availability to meet India's growing demand.

Enhancing tool life for better performance

MotherWood products reduce tool wear by providing clean fibers and smooth surfaces, leading to fewer disruptions and enhanced craftsmanship.

Leading the way with low emissions

MotherWood uses low-emission technology to minimize environmental impact while ensuring product quality, meeting strict global standards for safety.

MotherWood's promise of quality and innovation

MotherWood blends innovation, quality, and sustainability to redefine industry standards, crafting projects with care and perfection for limitless possibilities.

THE MOTHERWOOD® RANGE

Interior Grade MDF

MotherWood's Interior Grade MDF is a strong, stable, and easy-to-machine board suitable for a wide range of interior applications like furniture, wall panels, and more. It's recommended for dry areas.

- + Wide Range (1.5mm-35mm) + Uniform Core Density + Equalizer & Scalper Technology
- + Eco-Friendly + Super Smooth Surface + Calibrated Thickness + CNC & Routing Grade
- + Termite, Borer & Fungus Resistant

Standard Size - 6x4 ft., 8x4 ft., 10x4 ft. | Thickness - 1.5 mm to 35 mm | Low Emission

Exterior Grade MDF

MotherWood's Exterior Grade MDF is versatile and moisture-resistant, making it ideal for humid areas. It's durable, resistant to termites, fungus, and moisture, and is perfect for furniture, cabinets, doors, and shelves.

- + High Moisture Resistant + Uniform Core Density + Equalizer & Scalper Technology
- + Eco-Friendly + Super Smooth Surface + Calibrated Thickness + CNC & Routing Grade
- + Termite, Borer & Fungus Resistant

Standard Size - 6x4 ft., 8x4 ft., 10x4 ft. | Thickness - 1.5 mm to 35 mm | Low Emission

Super HD+WR

MotherWood Super HD+WR is a tough, water-resistant board designed for high humid climates. It has replaced plywood in many areas across India due to its strength and longevity, offering great value for money.

- + Super High Density + Super Water Resistant + High Screw Holding Capacity
- + Stronger Than Plywood + Designed for Indian Conditions + Equalizer & Scalper Technology
- + Eco-Friendly + Super Smooth Surface + CNC & Routing Grade
- + Termite, Borer & Fungus Resistant

Standard Size - 8x4 ft., 10x4 ft. | Thickness - 3 mm to 30 mm | 12 years warranty | Low Emission

Prelam (Pre-Laminated Board)

Prelam is a composite material made by laminating decorative surfaces onto MDF boards. It's durable, cost-effective, and widely used in modern furniture and interior design due to its aesthetic appeal and low maintenance.

Types – Interior Grade Prelam, Exterior Grade Prelam, Super HD+WR Prelam

- + Exclusive Range of Decors + Super High Density + Super Water Resistant
- + High Screw Holding Capacity + Stronger Than Plywood + Designed for Indian Conditions
- + Eco-Friendly + Super Smooth Surface + Termite, Borer & Fungus Resistant

Standard Size - 8x4 ft., 10x4 ft. | Thickness - 5.5 mm to 30 mm | Low Emission

BWP FR

Boiling Water Proof is a tough, fire-retardant, termite & water resistant board. It is designed for kitchens and wet areas. It can handle high temperatures, and heavy loads. It's a great all-season product.

- + Boiling Water Proof + Collaborated Thickness + Super High Density
- + High Screw Holding Capacity + Designed for Indian Conditions + Eco-Friendly
- + Super Smooth Surface + CNC & Routing Grade + Termite, Borer & Fungus Resistant

Standard Size - 8x4 ft., 10x4 ft. | Thickness- 4.6 mm to 25 mm | 25 years warranty | Low Emission

For over fifty years, Sudama has been a symbol of quality, innovation, and leadership across industries like synthetic leather and logistics, with a turnover of over ₹900 crores. Now, with Sudama Wood Panel, we're entering the MDF industry to lead and redefine what's possible, aiming to become the top national brand. We invite you to join us on this exciting journey.
